

Bread baker

Responsibilities

- Provide two loaves of bread for the service.

Details

Bring baked bread, preferably homemade, to the Sacristy at least 20 minutes before the service, if possible.

- This allows us to place the bread on the table without disturbing people who come to meditate prior to the service.
- If you need to bring it in the day before and put it in the refrigerator, make sure it has a note on it indicating which service it is for.

General guidelines are two loaves of bread per service. You will receive an email notification if you need to change the number of loaves.

Notes

Here's a [recipe several bakers use](#):

Frozen bread also works: Giant and Weis both carry Rhodes frozen bread, which comes in packages of 3 or 5.

Avoid bread with:

- a tough crust (hard to tear)
- a heavy, wet crumb (hard to swallow)
- a very crumbly texture (leaves crumbs that fall to the floor)

Due to possible allergies, **no seeds or nut flours** in the bread.
